❖ **Vision:**

- ABInfotech will be recognized and respected as professional, innovative, profitable information, and knowledge based logistics/services enterprise.

❖ **Mission:**

- At ABInfotech with Technical proficiency and expertise, we cohesively integrate graphic design with web page layout, with interactive programming, with database driven content, to plan, build and deploy e- business and to emerge as one of the top IT service provider.

❖ COMPANY OVERVIEW:

- Internet has become incredibly omnipresent and still growing overwhelmingly strong and widespread. Nothing less than a revolution and changing the way this world communicates and conducts business, the sweet tentacles are only going to get bigger and stronger.
- To carve an impressive niche for oneself in these extremely competitive times, companies have realized the importance of having their well embossed signature in this virtual world. Organizations and individuals with a vast experience of this virtual world are the most in demand entities in almost all the corners of the globe. The domains like web applications, internet marketing, and promotion on major search engines are just among many facets of communicating with a larger and a global audience.
- The ever-increasing demand for the development of web applications and specific internet marketing needs for businesses of different hues, temperaments, as well as sphere of working inspired the establishment of Flexsin Technologies (P) Limited All our efforts and energies are directed towards listening, understanding and executing the exact software and web development requirements of our clients in a professionally satisfying and cost effective manner.
- After a careful analysis of the client's requirements, we deliver agile web Solutions and that too in the fastest turnaround time. Website Design, Web applications & Internet Marketing are the main areas that you should be concerned about and then believe in us and trust us.
- We take care of client's needs during and after the development of applications. We consider it our responsibility to see to it that the client's requirements are met in the manner he desires and feels comfortable with. We take utmost care that our client gets the value he deserves and that too within the shortest possible time frame agreed upon. Websites or graphics designing, we believe in pushing the boundaries and shifting the goal posts. Asking for speedy marketing, talented pool of professionals, well oiled processes, expertise in cutting edge technologies and execution of a full service portfolio is not asking for the moon. We know that, understand that and know what we are offering to you. Satisfied customers is not what we strive for, an elated client is what we dream about and not to mention that repetitive knock on our doors and hearts. Hard work, vision, dedication and desire work wonders all across the globe and we are not an exception.

❖ **Why ABInfotech:**

The stipulating IT outsourcing industry inspired a group of few IT professionals to deliver some innovative and quality services and the result was AB Infotech. Launched in year 2008, ABInfotech has now evolved into one of the foremost IT service providers all across the globe. Commencement of a business relationship with us means giving the client's product as well as services a wider reach and a global audience. You achieve your

Integrity:

Honest deal with the client, vendor and with in our organization.
